

POSITIVE AFFIRMATION FOR TRANSFORMATION AND CHANGE

I will no longer allow other people's opinions and judgment to hold me back from living a life of fulfillment and reaching my fullest potential.

I will no longer allow a fixed mindset to stop me from claiming my greatness.

I will no longer allow a limiting mindset to hold me back from the assignment I've already been approved for.

I have the power to break any limitation in my life.

Mistakes and setbacks are stepping stones to my success because I learn so much from them.

The past has no power over me because I am willing to learn and grow.

I have the power to create the transformation I most want in my life.

I welcome change.

I know that to change my life, I must change my thoughts and my habits.
